

Why Rent to Own?

Move into your new home TODAY,

then qualify for traditional financing through Credit Repair and First Time Home Buyer Counseling.

If you want to buy a home, but you don't have all the cash required for the down payment or have bruised credit then our Rent to Own program will move you into a home **TODAY**.

What is Rent to Own?

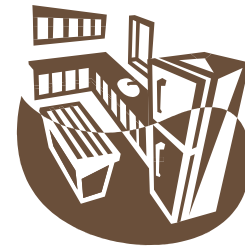

You rent one of our 4 star properties for 12 months in the location of your choice. Your payment history is documented by us to help you with the buying process. Provided that the monthly rent payments are made on time you will be granted an option to buy at the end of the 12 months period. Buyers like Rent to Own's because they receive a monthly rent credit that goes toward the purchase price. That way your rent money is not simply going into the Landlord's pocket. The best part is that you get to **LIVE IN THE HOUSE NOW!**
